STREET FOOD

If there's one thing we know it's good grub. We work with the UK's most unique and exciting street food traders and independent chefs, and we'll find you the perfect food-inclusive fit for your event. Plus, we cater to any and every dietary requirement.

We provided first gigs for some of the North West's best street food traders including Yakumama, Wholesome Junkies, Wallace & Sons, Oh Mei Dumpling, Osaka Local and we also provided regular gigs for folks like Honest Crust Pizza, Hip Hop Chip Shop, Rudy's Pizza, Pollen Bakery, Seitans Kebab, Fat Annies & What's Your Beef to name but a few!

You can rest assured we are the most trusted source of street food in the north west, and we love to chat food, so let us know your preferences and we can go from there.

ALTERNATIVE PACKAGES

Street food not your thing, don't panic! Grazing tables, buffets, breakfast pastries and sit down dining experiences are also available via our third party, local indie catering partners. Just like our street food options we'll do all the leg work in helping you put together your menus and making sure your requirements are met.

Our drinks menu is as local and as independent as you can get.

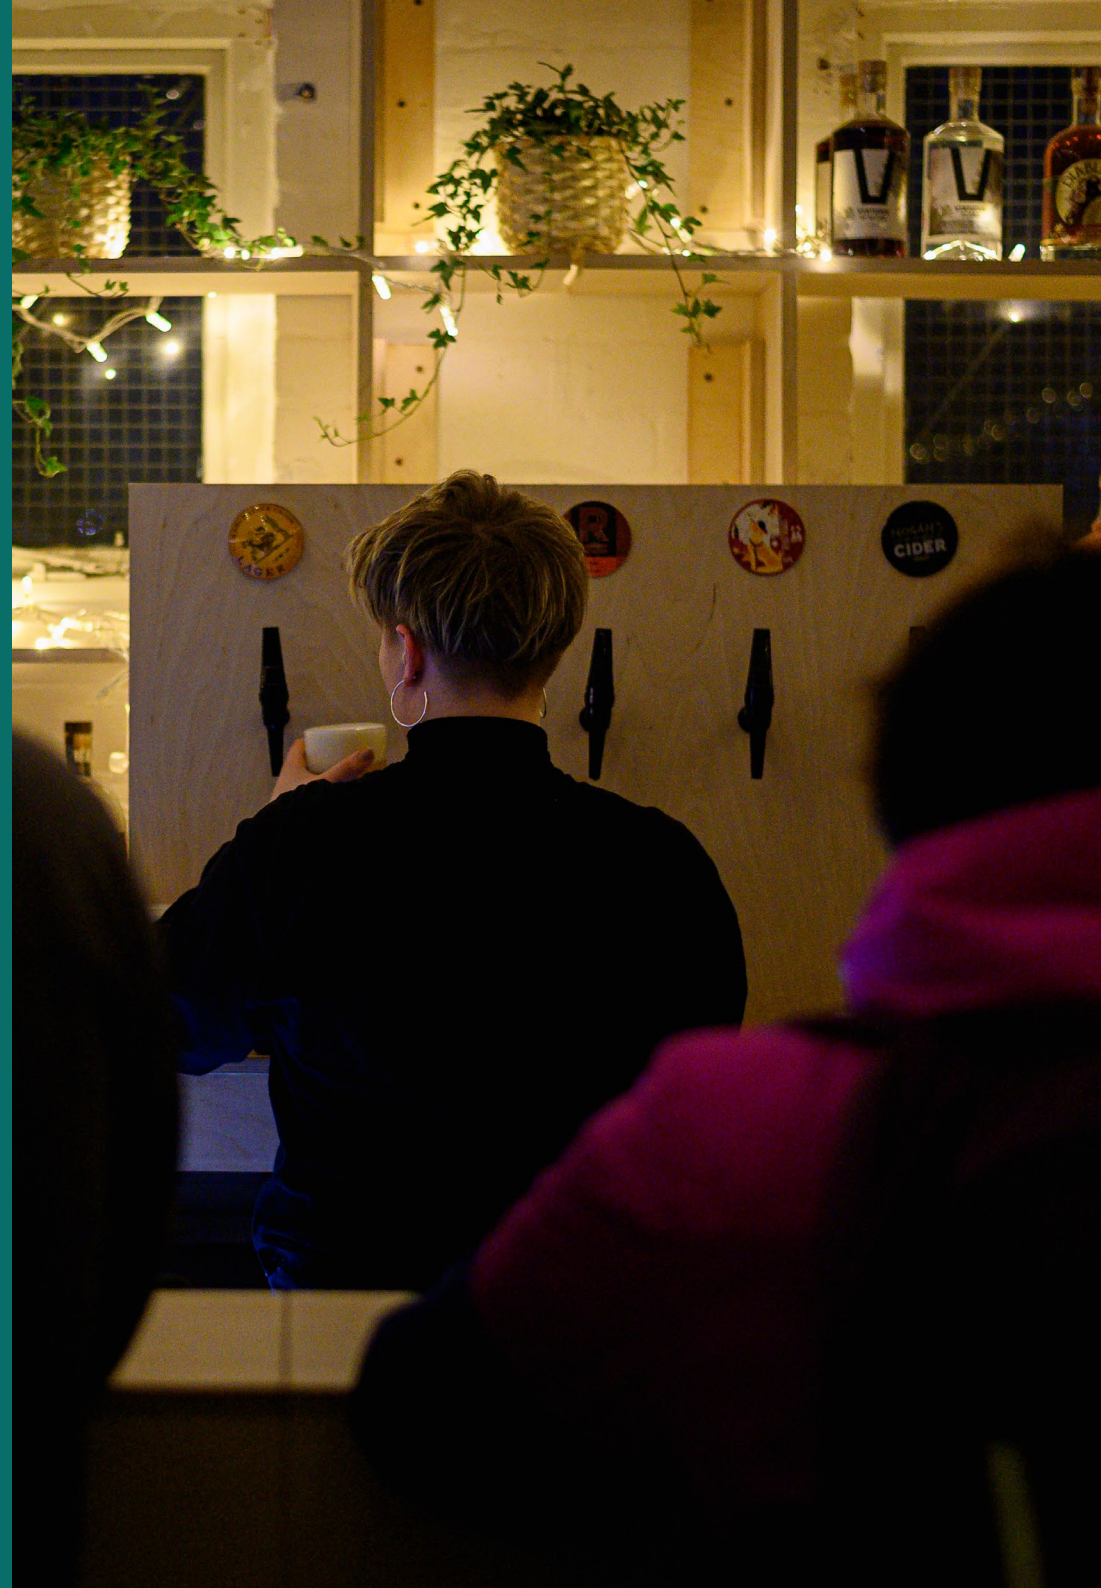

For starters, we are home to one of the biggest craft beer bars in Manchester with 22 taps on our main bar alone - all pouring top notch local beer.

Beyond that we've got a smashing range of wines, cocktails, soft drinks, hot drinks and low/no alcohol beverages.

Can't see your fave tippie on our back bar? Let us know. If you have a particular beer, cocktail or beverage that you want your guests to enjoy tell our expert team and we'll do our best to source it for you.

PACKAGES

If you'd like to discuss arranging pre-paid welcome drinks for you and your guests, let us know and we can provide information on your options as we can cover welcome drinks, bottomless services, DIY cocktail masterclasses, flexible bar tabs, self service tea & coffee options plus dedicated table service if required.
